

About us

Able Buddies Ltd specialises in providing personal assistants to accompany people with learning difficulties.

Our service is intended to enable our service users to enjoy the activities and pursuits of their choosing in the company of a trained personal assistant (or Buddy). Our aim is to provide independence for the service user while accompanied by skilled and qualified support assistants.

Carers can be assured that the safety and well-being of our clients is being catered for while they enjoy the companionship of their 'buddy' to follow their own interests and hobbies.

We will actively work with the service user and carers to provide a service that meets individual needs and requirements in terms of support levels, timing and activities.

We aim to offer a wide choice of activities tailored to clients personal wishes, needs and abilities
